

Conveyors

Bulk Material Handling Systems

TROUGH BELT & CLEATED BELT CONVEYORS

Suitable for handling a wide range of products such as grains, minerals, chemicals, ash, tea etc.

Systems can also be offered for

- ▶ Hot and wet products.
- ▶ Inclined conveying.
- ▶ Overhead installation for crossing roads.
- ▶ Boxed units suitable for outdoor installation.
- ▶ Certified food grade belt option.

DRAG CHAIN CONVEYORS

Damodar is a channel partner of M/s Eminence Equipments for sales, installation and servicing of Enmass Grain Feeder. This is a drag chain conveyor suitable for free flowing material such as paddy, rice, husk and other grains & seeds

Gentle handling without damage to sensitive grains

Multiple feeding points possible. Popularly used for underground installation in paddy godowns.

It is commonly used for rice and paddy silos, where **multiple discharge** points is required.
